## **Webinar on Problem solving and Ideation**

Title of the event : **Webinar on Problem solving and Ideation**

Date of the event : 30.12.2020

Venue of the event : Sir C V Raman Auditorium

About the event :

The "Webinar on Problem Solving and Ideation" is a specialized session tailored to enhance students' problem-solving skills and foster creative ideation. This webinar, dedicated to student development, offers insights into effective problem-solving methodologies and techniques for generating innovative ideas. Led by expert presenters, participants will explore practical approaches to address challenges and unleash their creative potential. The webinar aims to empower students with valuable skills applicable to academic pursuits and future professional endeavors. Join us for an engaging session that equips students with the tools to tackle problems strategically and cultivate a mindset of continuous innovation.

Guest Speaker Details : Mr Sakthivel Kaliappan, Founder & CEO  
Rainman Enviro Solution, Madurai.

Participants Details : 54 participants

Organized by : Department of Computer Science Engineering

Overall Report of the Event :

The webinar on Problem Solving and Ideation for Students proved to be a dynamic platform, fostering a collaborative space for skill enhancement. Held recently, the event seamlessly blended expert insights with student engagement, creating a rich learning experience.

Speakers adeptly delved into effective problem-solving methodologies, offering practical tools and strategies. Participants actively embraced the ideation process, exploring innovative approaches to address challenges. The collusion of diverse perspectives and collaborative thinking contributed to a vibrant exchange of ideas.

The success of the event is underscored by the enthusiastic participation and positive feedback received. We extend our gratitude to both speakers and participants for their invaluable contributions. As we reflect on the collusion of knowledge and creativity, we anticipate the enduring impact of these skills on students' academic and professional journeys. Stay tuned for more events fostering innovation and problem-solving prowess among students.
