

# NADAR SARASWATHI COLLEGE OF ENGINEERING AND TECHNOLOGY

Vadapudupatti, Annanji (po), Theni – 625 531

## International Conference on “Advanced Material Science”

Title of the event : **International Conference on “Advanced Material Science”**

Date of the event : 05.05.2023 & 06.05.2023

Venue of the event : Online

About the event :

The International Conference on Advanced Material Science is a premier gathering of researchers, scientists, academicians, and industry professionals from around the world. This conference aims to provide a platform for the exchange of knowledge, ideas, and the latest advancements in the field of material science.

Guest Speaker Details : Dr Pradeep Kumar Krishnan, Assistant Professor, Mechanical and Industrial, Engineering Department, National University of Science and Technology, College of Engineering, Muscat, Sultanate of Oman.

Participants Details : 89 Participants

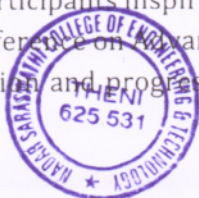

Organized by : Department of Civil and Mechanical Engineering

Overall Report of the Event :

The International Conference on Advanced Material Science has concluded, marking a pivotal moment in the exploration of cutting-edge materials. Throughout the event, participants engaged in dynamic discussions on nanotechnology, energy applications, smart structures, biomaterials, and more. Plenary sessions showcased insights from leading experts, while parallel technical sessions and vibrant poster presentations unveiled groundbreaking research.

This gathering was not just a dissemination of knowledge but a nexus for collaboration, fostering connections between academia and industry. Networking opportunities flourished, promising future collaborations that could reshape the landscape of material science.

As the conference wraps up, the organizers express gratitude to contributors for making this event a success. The impact will resonate in labs, classrooms, and industries, propelling material science toward new horizons. This shared experience leaves participants inspired, with newfound knowledge and a network that transcends borders. The International Conference on Advanced Material Science has ignited a spark that will continue to illuminate the path of innovation and progress in the field. Until we reconvene, thank you for being part of this transformative journey.
