FEEDBACK POLICY

High-quality instruction in a pleasant atmosphere is consistently offered at Nadar Saraswathi College of Engineering and Technology. In order to do this, NSCET has modified a feedback system that gathers ideas from various stakeholders, including employers, teachers, alumni, and students from each program for every academic year. The completed feedback forms will be distributed to all stakeholders, and they will be collected. The action report is sent to the relevant bodies once the analysis of the feedback collected, important proposals from the stakeholders, and essential actions have been carried out.

FEEDBACK PROCESS

Stakeholders to Collect Feedback:

- Students
 - Teachers
 - Alumni
 - Employers
- Every year, Stakeholder Questionnaires will be updated on need basis.
- Feedback forms are created based on curriculum and college ambiances.
- Regularly, feedback is collected from the stakeholders.
- Students, teachers and employers – Online / Allowed Specific Timeline.
- Alumni - Online / Alumni Meet (Every Year)
- The stakeholders are asked to fill the form and give the remarks (Excellent, Very Good, Good and Poor) and Suggestions.
- The feedback given by the stakeholders is consolidated and analysed. The report is generated stakeholder wise and reviewed in department meeting.
- For each question, target has been set before the collection of feedback. From the analysis report all the suggestions given by the stakeholders are forwarded to the department advisory committee and also recommended to take necessary actions for the questions below target to meet the industry requirements and real time problem solving skills.
