

NADAR SARASWATHI COLLEGE OF ENGINEERING AND TECHNOLOGY

Vadapudupatti, Annanji (po), Theni – 625 531

Webinar on “Design validation through Various Model of Design Validation in Reserach”

Title of the event : **Webinar on Design validation through Various Model of Design Validation in Research**

Date of the event : 08.01.2021

Venue of the event : Sir C V Raman Auditorium

About the event :

Join us for an insightful webinar on "Design Validation through Various Models in Research," where we delve into the crucial process of validating designs in the realm of research. Hosted by industry experts, this webinar aims to equip participants with the knowledge and tools needed to ensure the reliability and effectiveness of their designs.

Guest Speaker Details : Mrs. Sathiya Ramesh, GIS Advisor, Embridge, Greater, Houston.

Participants Details : 78 participants

Organized by : Department of Civil Engineering.

Overall Report of the Event :

The "Design Validation through Various Models in Research" webinar, held on 08.01.2021 via Goole meet, proved to be a valuable exploration of design validation methodologies. The event began with an opening address, paving the way for a keynote presentation by Mrs. Sathiya Ramesh, an esteemed expert in the field. The speaker illuminated the significance of robust design validation and introduced diverse models and approaches. Real-world case studies were presented, offering practical insights that resonated with the diverse audience of researchers and design professionals.

The interactive Q&A session further enriched the experience, allowing participants to engage directly with the speaker and delve deeper into the intricacies of design validation. Attendees gained a clear understanding of the challenges and solutions associated with design validation, enhancing their practical knowledge.

The success of the webinar was evident in the positive feedback received, indicating the participants' appreciation for the relevant and applicable information shared. As we express gratitude to Mrs. Sathiya Ramesh and all participants, we look forward to future events that continue to unravel the complexities of research and design validation, fostering a community of learning and innovation.

Dr. C. MATHALAI SUNDARAM, M.E., M.B.A., Ph.D.,
Principal
