## Circular

We are delighted to announce that our college is organizing a **Drafting Research Article and Proposals** scheduled to take place on **20.05.2023**. This event promises to be an enriching experience, offering **Practical sessions on article and proposal drafting, effective research communication**. We strongly encourage the participation of both faculty and students to maximize the advantages of this program.

Your attendance and engagement will contribute significantly to the success of the event and provide invaluable insights and learning opportunities. We encourage everyone to take advantage of this occasion.

Dear Sir,

**Sub:** Requisition for being a speaker for a Guest Lecture – reg.

We would like to inform you that our Electronics and Communication Engineering department, in collaboration with the Research and Development Cell, is planning to host a Guest Lecture titled "Drafting Research Article and Proposals" on May 20, 2023, from 10:30 am to 12:30 pm. The objective of this event is to bring out the faculty members on how to draft research articles and proposals, as well as to provide information on the available funding schemes for engineering college students and faculties. We would like to make this event a grand success and believe that you are the most suitable person to deliver the keynote address. We kindly request that you consider our invitation and honor us with your acceptance.

Looking forward to your support and cooperation

Thank you,

Dear Sir,

Thank you for your email and invitation informing me about the Guest Lecture "Drafting Research Article and Proposals" planned to be hosted by the Electronics and Communication Engineering department, in collaboration with the Research and Development Cell, on May 20, 2023. I am honoured to receive your invitation to deliver the keynote address at this event.

I am excited to participate in this event and share my knowledge and experience with the faculty members on how to draft research articles and proposals and provide information on the available funding schemes for engineering college students and faculties. I believe this is an excellent opportunity for me to interact with the faculty members and share my insights on the subject matter.

I am delighted to accept your invitation, and I look forward to attending the event on May 20, 2023, from 10:30 am to 12:30 pm. Please let me know if you need any further information or if there are any specific requirements for my keynote address.

Thank you again for your kind invitation, and I look forward to meeting you and the faculty members soon.

# Dr SAKTHIPANDI K

Dr. Sakthipandi has made enormous and innovative contributions to materials characterisation using on-line Ultrasonic techniques and other conventional techniques. He has received many laurels and awards from National Scientific Societies. He was a co-authored in a three research books. He has also attended more than 120 National and International Conferences both in India and abroad. In order to acquaintance with research, he is doing lot of collaborative research works with many leading research laboratories in India. Under his able guidance, 2 scholars have completed their doctoral degrees and 4 scholars are pursuing their Ph.D. degrees. He is a member in the Board of Studies and Doctoral Committee in Anna University, Bharathiar University and Manonmaniam Sundaranar University. Presently, he is working in the areas of magnetic oxides for different applications, Nanoferrites from electromagnetic shielding, Nano perovskite for energy storage applications and developing Nanoparticles from herbal plants for biomedical applications.
