Circular

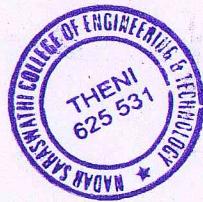

We are delighted to announce that our college is organizing a **Seminar on Sustainable Refrigeration and Air conditioning - Research review** scheduled to take place on **08.10.2022**. This event promises to be an enriching experience, offering **In-depth analysis of sustainable cooling tech, ongoing research review, environmental impact discussions**. We strongly encourage the participation of both faculty and students to maximize the advantages of this program.

Your attendance and engagement will contribute significantly to the success of the event and provide invaluable insights and learning opportunities. We encourage everyone to take advantage of this occasion.

School of Mechanical Engineering

Vellore Institute of Technology (VIT)

His Major Research Contributions are Absorption cooling and heating systems, waste heat recovery, Cascading. He completed his Doctor of Philosophy in the year of 2018 and Master of Engineering in the year of 2014 and Bachelor of Engineering in the year of 2010 in the department of mechanical engineering. He has great experience in the field of teaching, industry as well as research works. His research project is Biomass driven trigeneration system for improving the livelihood of Scheduled Tribes at Athanavur village, Yelagiri Hills, Tamil Nadu (from 2021 to 2024). He published 7 international level journals and as well as 1 national level journals. He attended 10 international level conferences such as "Simulation Studies on Simultaneous Production of Power, Cooling and Purified Water", "Combined Power, Cooling and Desalination for Commercial Buildings Using Low grade heat Sources" etc....and as well as 2 national level conferences. He was an Award winner of 2018 through cascaded energy systems". He also visited many institutions of Spain, France and United States of America.
