**Circular**

We are delighted to announce that our college is organizing a **International Conference on New Scientific Creations in Engineering and Technology-ICNSCET'2k23** scheduled to take place on **09.05.2023 & 10.05.2023**. This event promises to be an enriching experience, offering **Presentation of innovative research, interdisciplinary discussions, networking platform**. We strongly encourage the participation of both faculty and students to maximize the advantages of this program.

Your attendance and engagement will contribute significantly to the success of the event and provide invaluable insights and learning opportunities. We encourage everyone to take advantage of this occasion.

*Feedback*

On behalf our CSE department, the conference were conducted in proper manner. More than 50 papers from various institution is notable. Also organizing the conference also was too good.

## Feedback

ICNSCET-23 is conducted in good way. Conference was very useful for our students and external participants also. We were planned for more participation unfortunately examination conducted during that weeks for other college. so External participation was not expected level. In future, we are planning to improve this participation count and also try to convert that to publish in a paper book chapter.

**Feedback**

The Conference is conducted in a physical mode way very useful to the students, due to the internal exams conducted on that weeks, so that only ~~late~~ can bring minimum no of students. In future it won't be happen again. otherwise the program is conducted in a nice manner, thank you,
