The two days awareness programme has motivated the students to become an entrepreneur.

* All the sessions were very useful.

The first session handled by Ms. L. Ramasubramanian gave the students an idea of various government schemes available for entrepreneurs.

* The second session was about how to make paper bags. As we know that how a day's paper bags replaces the carry bags - this session was very useful & cost effective way of making bags.

* The second day started with the Industrial visit to "Sivashakti Godding park". There the people got practical experience. The MD Mr. Thanigaiar shared his personal experience with the students.

* Last session Devi sarekhi on Dyco or home made products. All the sessions were motivated the students & created an awareness on entrepreneurship.
