NADAR SARASWATHI COLLEGE OF ENGINEERING AND TECHNOLOGY

Vadapudupatti, Annanji (po), Theni – 625 531

Webinar on Research in Internet of Things

Title of the event   : **Webinar on Research in Internet of Things**

Date of the event   :   09 October 2020

Venue of the event   :   Sir C V Raman Auditorium

About the event   :

The "Webinar on Research in Internet of Things" explored cutting-edge IoT research methodologies and applications. Held recently, the webinar engaged students in discussions on emerging technologies and real-world implications. The event's success, evident in enthusiastic participation and positive feedback, showcased the relevance and interest in IoT research. We extend appreciation to speakers and participants for contributing to this enlightening session. As we conclude, stay tuned for more opportunities to delve into the dynamic field of IoT research and its limitless possibilities.

Guest Speaker Details   : Mr Lithin K Devasa., B.Tech., Technical Leader,

Network Systems.

Participants Details   : 171 participants

Organized by   : Department of Electronics and Communication Engineering

Overall Report of the Event   :

The "Webinar on Research in Internet of Things (IoT) for Students" was an enlightening session dedicated to exploring the latest trends and innovations in the field of IoT. Held recently, the webinar provided students with valuable insights into IoT research methodologies, emerging technologies, and real-world applications.

Expert presenters guided participants through the intricate landscape of IoT, delving into cutting-edge research areas and showcasing the transformative potential of IoT in various domains. Attendees actively engaged in discussions, gaining a deeper understanding of the challenges and opportunities within the IoT ecosystem.

The success of the webinar is evident in the enthusiastic participation and positive feedback received. We extend our appreciation to both speakers and participants for their valuable contributions. As we conclude this webinar, we look forward to future events that continue to inspire and empower students in the dynamic field of IoT research. Stay tuned for more opportunities to explore the limitless possibilities of the Internet of Things.

Dr. C. MATHALAI SUNDARAM, M.E.,M.B.A.,Ph.D.,
